*The Pocket Air Check is a portable, battery operated, solid state instrument intended for use in applications requiring detection of combustible gas leaks. Handheld and highly sensitive, the Pocket Air Check makes finding gas leaks as easy as using a flashlight and at a fraction of what other portable detectors cost.*

*The Pocket Air Check is an ESSENTIAL toolbox requirement for Gas Appliance Repairers, Plumbers, Gas Fitters, Automotive LPG Installers/Repairers or anyone working with combustible gas installations especially Natural Gas or Propane, also great for Boat Owners, Caravaners and Campers where LPG can be a hazard.*

*Simply the best range of Appliance Parts*

Stoves, Ovens, Washing Machine, Clothes Dryer, Hotwater Systems, Microwave, Vacuum Cleaner, Gas Appliances, Refrigerator, Dishwashers, Switches, Commercial Food Equipment, Valves & Camlocks, Plus Many More.
